Dante,

I did not realize this until now. Dietrick maybe he has the rest of part 3? That day we had done it and not sure

what happened there. Mine is the same.

Hey Tashina,

The copy that I have of the subject resolution seems to be a bad copy. It is missing part of #3, and #8 is repeated of page 3 and page 4. See attached. Do you have a better copy of it? (It pertains to the Superfund site). Thanks!
